

2012 Rate Structure

Effective January 13, Marine Atlantic will implement its 2012 rate structure for travel after February 12. A new security fee of \$3.50 will be introduced on passenger fares for customers over the age of 12 years and general tariffs will increase by 4 per cent over 2011 fares. In addition, there will be a \$50 increase to the drop trailer management fee paid by commercial customers. The fuel surcharge will remain at 21 per cent.

Marine Atlantic is adjusting rates to reflect rising costs associated with items such as materials, supplies and labour. The following table provides examples of the 2012 cost of one-way travel in comparison to 2011. Customers requiring further information are asked to contact Marine Atlantic at **1-800-341-7981** or visit www.marineatlantic.ca
